GENERAL OBJECTIVE

To secure a Junior Software Programmer position where I can apply my technical skills in software development, problem-solving abilities, and passion for coding to contribute to innovative projects and continuous growth within the company.

Summary of Objectives

As an Information Technology student currently completing my Bachelor's degree at De La Salle University–Dasmariñas, I am eager to gain practical experience in software and web development. I am interested in opportunities that allow me to strengthen my skills in coding, debugging, and system development within a collaborative learning environment. I aim to apply my knowledge of the MERN stack (MongoDB, Express.js, React, and Node.js), along with C#, Python, Java, JavaScript, HTML, PHP, and Android Studio, to develop efficient and functional applications while continuing to grow professionally.

KEY SKILLS

- Developed and debugged applications using C#, Java, PHP, Android Studio, and the MERN stack (MongoDB, Express.js, React, and Node.js)
- Created interactive and responsive user interfaces with HTML, CSS, JavaScript, and React
- Implemented object-oriented programming concepts in software and web application development
- Developed responsive and mobile-friendly web applications across different devices
- Built functional, scalable, and user-friendly websites using modern development practices
- Demonstrated strong problem-solving skills and the ability to learn new technologies quickly

SOFT SKILLS

- Strong analytical and problem-solving abilities
- Effective collaboration and teamwork skills
- Ability to adapt to new technologies quickly
- Strong attention to detail and organization
- Time management

HARD SKILLS

- Web development using HTML, CSS, JavaScript, and the MERN stack (MongoDB, Express.js, React, and Node.js)
- Mobile application development with Android Studio and Java
- Software development in C# and Java
- UI/UX design principles for modern applications

EDUCATION

BS in Information Technology

De La Salle University-Dasmariñas
2022 - 2026

Senior High School

Lyceum of Alabang
2020 - 2022

ACHIEVEMENTS & CERTIFICATIONS

- With High Honors - Senior High School
- First Honors – Bachelor of Science in Information Technology (1st Year to 4th Year, 1st Semester to 2nd Semester)
- Introduction to Cybersecurity – NetAcad
- Programming Essentials in Python – NetAcad
- IT Essentials – NetAcad
